

INSTRUCTOR FOCUS

Our recent **Tomorrow's Tech** survey was also sent to automotive technology program instructors, who replied with overwhelmingly positive responses. They told us that the magazine encourages students to continue their education and provides them with a real-world look at the emerging technologies students will be working on soon. Ninety percent of instructors who receive **Tomorrow's Tech** use it as supplement in their classroom, turning articles into classroom assignments or quizzes.

How curriculum is divided between the classroom and the shop

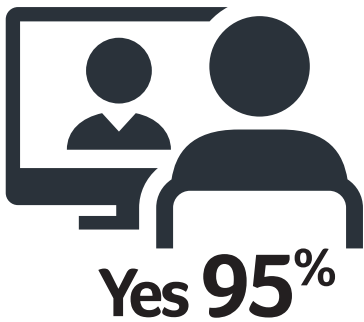

Use Tomorrow's Tech in the classroom to enrich your curriculum

89.9%

Would appreciate 30-Minute FREE webinars on relevant topics to use in classroom

Distribute Tomorrow's Tech in the classroom

Avg. % of students with job placement upon graduation
